

SASK LOTTERIES

Trust Fund for Sport, Culture and Recreation

2021-22 PROGRESS REPORT

WHO WE ARE

The Sask Lotteries Trust Fund for Sport, Culture and Recreation (the Trust Fund) was established in 1974 by Sask Sport Inc., pursuant to *The Interprovincial Lotteries Act*, for the purpose of granting funds to eligible, non-profit volunteer organizations in the areas of sport, culture and recreation. The original Act has since been replaced by *The Interprovincial Lotteries Act, 1984*.

The Trust Fund distributes Sask Lotteries proceeds to eligible sport, culture and recreation organizations in Saskatchewan. These eligible organizations are designated by the Minister of Parks, Culture, and Sport based on recommendations from the Lottery Strategic Review Committee through an open and transparent process. Eligible organizations range from provincial sport, culture and recreation groups to Tribal Councils and First Nation Band Councils. Today, there are over 1,200 organizations which receive direct funding support and through them, more than 12,000 affiliated groups receive some form of support.

The lottery-funded system for sport, culture and recreation is delivered to the people of Saskatchewan through three, independent community partners. These "global" organizations - [Sask Sport Inc.](#), [Saskatchewan Parks and Recreation Association Inc.](#) and [SaskCulture Inc.](#) - collectively represent hundreds of community organizations and ensure that lottery proceeds benefit every community in the province. The global organizations are responsible for establishing funding criteria for their respective section of the Trust Fund.

Volunteer committees from sport, culture and recreation communities review all requests made to the Trust Fund. These committees review and make decisions on funding requests from eligible provincial organizations based on funding criteria developed by the three global organizations.

2021-22 FINANCIAL OVERVIEW

In 2021-22 granting to beneficiary organizations was \$59.2 million. Administration expenses as a percentage of Net Proceeds from Lotteries were 1.17%. There were 10.1 Full-Time Equivalent positions as a staff complement.

Variance from revised budget:

- Net Proceeds from Lotteries were higher than revised due to favorable jackpot roll patterns on LOTTO MAX and LOTTO 6/49, higher than budgeted Sport Select sales, and strong Zing ticket sales.
- Investment income was higher due to increased amounts to invest throughout the year due to higher sales, along with equity dividends being higher than budgeted.
- Grants to Beneficiary Organizations were lower due to money and grant returns being higher than expected.

OBJECTIVE:

License directed payments made from the Fund are done in accordance with the Distribution Agreement.

GOAL:

- Make payments to government organizations as prescribed in the Distribution Agreement (Ex. General Revenue Fund, Government of Canada, provincial and federal taxes).

As required in the “Agreement for the Distribution of Funds from the Sask Lotteries Trust Fund for Sport, Culture, and Recreation” between the Ministry of Parks, Culture, and Sport and the three global organizations (Sask Sport, SaskCulture, and Saskatchewan Parks and Recreation Association), the Trust Fund is required to make specific government payments prior to allocating funds to beneficiaries organizations.

Performance Measure:

- Percentage of government payments made as required in the Distribution Agreement.

2017-18	All government payments made as prescribed
2018-19	All government payments made as prescribed
2019-20	All government payments made as prescribed
2020-21	All government payments made as prescribed
2021-22	All government payments made as prescribed

The Trust Fund ensures these payments are made and accounted for prior to allocating funds to the three sections of the Trust Fund.

GOAL:

- Make an annual mitigation payment to Sask Sport Distributors Inc. (SSDI) to be granted to former lottery ticket distributors, with this payment not exceeding \$1.5 million.

This payment is to volunteer, non-profit organizations who previously acted as ticket distributors. Under the terms of the lottery license, a payment is made to these organizations, but it must not exceed \$1.5 million.

Performance Measure:

- Total payment made to SSDI to be granted to former lottery distributors.

2017-18	\$1,434,875
2018-19	\$1,434,050
2019-20	\$1,427,173
2020-21	\$1,426,640
2021-22	\$1,408,903

The amount paid and the number of organizations paid fluctuates year to year as payments are withheld to organizations if they have not submitted their follow-up report from the previous year. Once their satisfactory follow-up report is submitted, payment will be released. Also, occasionally some of the former distributor organizations cease to exist at which time they are removed from the eligible list of organizations to receive the former distributor grant.

GOAL:

- Make an annual mitigation payment to Saskatchewan Association of Agricultural Societies and Exhibitions (SAASE) of \$310,000.

This payment is to compensate SAASE for being a former lottery ticket operator.

Performance Measure:

- Total payment to SAASE.

2017-18	\$310,000
2018-19	\$310,000
2019-20	\$310,000
2020-21	\$310,000
2021-22	\$310,000

SAASE was provided a directed payment in the previous distribution agreements, which is now classified as a mitigation payment in the current distribution agreement.

OBJECTIVE:

All Sask Lotteries' net profits are transferred to the Fund.

GOAL:

- Have an external auditor perform an annual audit of the lottery operations.

Utilizing an external auditor will verify that all lottery profits generated by Sask Lotteries are transferred to the Trust Fund to be used to grant to eligible organizations.

Performance Measure:

- Variance between the audited lottery profit figure and amount received by the Fund.

2017-18	No variance (\$62,426,075 audited and transferred)
2018-19	No variance (\$72,205,384 audited and transferred)
2019-20	No variance (\$61,800,433 audited and transferred)
2020-21	No variance (\$72,705,254 audited and transferred)
2021-22	No variance (\$77,143,016 audited and transferred)

This measure ensures that the money received by the Trust Fund matches what was generated in Lotteries profits and is confirmed by an external auditor.

OBJECTIVE:

Grants are distributed to beneficiaries as recommended by the Fund adjudication committees.

GOAL:

- Allocate funds available to grant to the sport, culture and recreation sections of the Fund at the following percentages - 50% sport, 35% culture and 15% recreation. As agreed upon by the three global organizations, the sport section of the Trust Fund receives 50% of the total allocation of funds available to grant, the culture section receives 35%, and the recreation

section receives 15%. These funds are then eligible to grant to organizations on the Minister's Eligibility List. It is the responsibility of the Trust Fund to make the allocations according to these percentages.

Performance Measure:

- Percentage of eligible funds allocated to each section of the Fund.

2017-18	Sport	\$26,271,514 allocated = 50%
	Culture	\$18,390,059 allocated = 35%
	Recreation	\$7,881,454 allocated = 15%
2017-18	Sport	\$30,605,698 allocated = 50%
	Culture	\$21,423,989 allocated = 35%
	Recreation	\$9,181,710 allocated = 15%
2019-20	Sport	\$25,758,487 allocated = 50%
	Culture	\$18,030,941 allocated = 35%
	Recreation	\$7,727,546 allocated = 15%
2020-21	Sport	\$31,009,867 allocated = 50%
	Culture	\$21,706,907 allocated = 35%
	Recreation	\$9,302,960 allocated = 15%
2021-22	Sport	\$32,723,572 allocated = 50%
	Culture	\$22,906,500 allocated = 35%
	Recreation	\$9,817,072 allocated = 15%

GOAL:

- Approve and pay grants only to organizations on the Minister's Eligibility List.

As detailed in the license agreement, the money remaining in the Trust Fund after the required payments have been made can only be granted to organizations on the eligibility list. The list is maintained and amended by the Minister on recommendations provided by the Lottery Strategic Review Committee. There is criteria that organizations must meet to be considered for inclusion on the list and to maintain their eligibility. The criteria is established by the Minister and the three global organizations through the Lottery Strategic Review Committee.

Performance Measure:

- Percentage of grants paid to organizations on the Minister's Eligibility List.

2017-18	100%
2018-19	100%
2019-20	100%
2020-21	100%
2021-22	100%

It is imperative to the integrity of the lottery funded system that only organizations on the eligibility list be approved for funding.

GOAL:

- Ensure grant payments are supported by the appropriate grant minutes or Board motions from Sask Sport, SaskCulture, SPRA and the Community Funding Committee.

Each global organization is responsible for creating an adjudication mechanism to recommend distribution of funds from their respective section of the Trust Fund to eligible organizations. Their granting recommendations are forwarded to the Trust Fund committee for approval prior to grants being paid. The globals have collaborated to form the Community Funding Committee (formerly the Community Grant Advisory Committee and the Community Development Fund Committee) to review grant applications for funds they allocate to the Community Grant Program and the Community Development Fund, with those decisions being forwarded to the Trust Fund committee for approval.

Performance Measure:

- The percentage of grant payments supported by the appropriate grant minutes or Board motions from Sask Sport, SaskCulture, SPRA and the Community Funding Committee.

2017-18	All granting minutes/motions received and approved by the Fund
2018-19	All granting minutes/motions received and approved by the Fund
2019-20	All granting minutes/motions received and approved by the Fund
2020-21	All granting minutes/motions received and approved by the Fund
2021-22	All granting minutes/motions received and approved by the Fund

All granting adjudication minutes or motions are forwarded to the Trust Fund committee for approval.

GOAL:

- Ensure the Fund has policies and procedures that govern the overall operations.

The Trust Fund’s grants are to be distributed to eligible organizations that have as their purpose the promotion of sport, culture and recreation. The Trust Fund was established by Sask Sport for the purpose of granting funds to eligible organizations. As such, it is imperative that operating guidelines are established for the administration and disbursement of the funds.

Performance Measure:

- The manuals that govern the operations of the Fund are reviewed on an annual basis.

2017-18	Trust Handbook and Orientation Manual – reviewed March 2018 SSI Personnel Manual – reviewed March 2018 SSI Operation Manual – reviewed November 2017
2018-19	Trust Handbook and Orientation Manual –reviewed March 2019 SSI Personnel Manual –reviewed March 2019 SSI Operation Manual –reviewed November 2018
2019-20	Trust Handbook and Orientation Manual – reviewed March 2020 SSI Personnel Manual – reviewed March 2020 SSI Operation Manual – reviewed November 2019
2020-21	Trust Handbook and Orientation Manual – reviewed March 2021 SSI Personnel Manual – reviewed March 2021 SSI Operation Manual – reviewed November 2020
2021-22	Trust Handbook and Orientation Manual – reviewed March 2022 SSI Personnel Manual – reviewed March 2022 SSI Operation Manual – reviewed November 2021

This measure ensures the manuals are reviewed on an ongoing basis. By annually reviewing the manuals, the policies and procedures are kept up to date and any potential gaps that need to be addressed are identified. The manuals are reviewed by staff and management on an annual basis and any significant revisions are taken to the appropriate committee and the Board for approval.

OBJECTIVE:

Every dollar granted out through the Fund is accounted for, as prescribed by the Distribution Agreement.

GOAL:

- Receive follow-up reports for every grant paid by the Fund on a timely basis, including financial verification of money spent.

As a method to account for every Trust Fund dollar spent by the grant recipients, the Trust Fund has a policy that follow-up reports are required to be submitted by the grant recipients. The detail required in the report varies by granting program, but at a minimum it must include financial verification that it was spent as intended.

Performance Measure:

- Number of communities not eligible to receive funding through the Community Grant Program because they have an unresolved follow-up report.

March 31, 2018	21 communities with unresolved follow-ups
March 31, 2019	16 communities with unresolved follow-ups
March 31, 2020	15 communities with unresolved follow-ups
March 31, 2021	18 communities with unresolved follow-ups
March 31, 2022	19 communities with unresolved follow-ups

As there are nearly 1000 communities eligible to receive funding each year, it is a challenge to ensure all follow-up reports are received on time. If follow-up reports are not received, any further grant payments are withheld until the follow-up report is submitted or an unresolved follow-up form is submitted and approved. Administration contacts these communities on a continuous basis in an attempt to collect their follow-up reports to account for the funds.

GOAL:

- Keep the Fund’s administrative expenses below 0.5% of annual net lottery ticket sales.

As detailed in the license, the Trust Fund’s administrative expenses are to be kept below a determined percentage of sales.

Performance Measure:

- Percentage of the Fund’s administrative expenses compared to annual net lottery ticket sales.

2017-18	0.43% of sales (\$835,915 administration expenses)
2018-19	0.38% of sales (\$852,480 administration expenses)
2019-20	0.42% of sales (\$877,742 administration expenses)
2020-21	0.37% of sales (\$872,841 administration expenses)
2021-22	0.36% of sales (\$899,508 administration expenses)

OBJECTIVE:

Funding stability is provided to the beneficiary groups.

GOAL:

- Continue to provide two-year funding commitments to eligible organizations.

Grants provided by the Trust Fund are an important revenue source for many sport, culture, and recreation groups throughout the province. As the amount of funds available to distribute is reliant on lottery ticket sales, it is important to give the beneficiaries confidence that their annual funding levels are sustainable.

It is the objective of the Trust Fund to provide two-year funding commitments to provincial organizations on a going forward basis. This can be accomplished through prudent financial management of granting commitments combined with meeting lottery sales projections.

In addition to provincial organizations, beginning in 2012/2013 the Trust Fund was in a position, and the Community Grant Program (CGP) had the proper mechanisms in place to begin providing the two-year funding commitment to eligible communities.

Performance Measure:

- Number of eligible organizations that received a two-year funding commitment.

2017-18	138 organizations of a possible 140 eligible organizations 679 communities
2018-19	137 organizations of a possible 140 eligible organizations 684 communities
2019-20	139 organizations of a possible 141 eligible organizations 681 communities
2020-21	137 organizations of a possible 140 eligible organizations 680 communities
2021-22	138 organizations of a possible 139 eligible organizations 671 communities

During 2021-22, 671 communities received a second-year funding commitment. Communities have the option to apply directly or allocate their population to another community. With nearly 1000 communities eligible to receive funding, not all communities receive an amount directly from the Trust Fund due to this allocation. Factoring in allocated amounts, 986 communities received funding. Over 99% of funding available is applied for either through direct application or allocation.

GOAL:

- Maintain a year-end restricted fund balance of at least 20% of the following year's granting projections.

It is necessary to protect lottery beneficiaries from an unexpected drop in their funding levels that would result from an unexpected reduction in lottery profits. A restricted fund balance of 20% of the following year's granting projections would be used to offset a reduction in lottery profits for a one-year period. This would allow the organizations to continue operating the

following year at the funding levels they expected, and plan for possible adjustments for subsequent periods.

Performance Measure:

- Restricted fund balance as a percentage of the following year’s granting projections.

2017-18	35.8% (\$20.1M in reserve, \$56.1M in grants projected)
2018-19	48.7% (\$27.9M in reserve, \$57.3M in grants projected)
2019-20	42.4% (\$24.4M in reserve, \$57.5M in grants projected)
2020-21	52.3% (\$30.1 in reserve, \$57.5M in grants projected)
2021-22	61.6% (\$36.3 in reserve, \$59.0M in grants projected)
